

As an employer registered with Traffic Solutions Online, you can use our free survey tools to create quick and easy electronic surveys to administer to your employees. You can require that a survey be completed when your employees create their accounts, and have the ability to survey your employees at any point thereafter. You personalize your company survey by selecting standard questions from Traffic Solutions Online, as well as working with us to create questions that are specific to your company. The following pages illustrate a basic survey crafted with our standard questions.
